Family Service Prioritization Decision Assistance Tool
(F-SPDAT)

Assessment Tool for Families

VERSION 2.01

©2015 OrgCode Consulting Inc. All rights reserved.
1 (800) 355-0420 info@orgcode.com www.orgcode.com
Welcome to the SPDAT Line of Products

The Service Prioritization Decision Assistance Tool (SPDAT) has been around in various incarnations for over a decade, before being released to the public in 2010. Since its initial release, the use of the SPDAT has been expanding exponentially and is now used in over one thousand communities across the United States, Canada, and Australia.

More communities using the tool means there is an unprecedented demand for versions of the SPDAT, customized for specific client groups or service delivery contexts. With the release of SPDAT V4, there have been more current versions of SPDAT products than ever before.

VI-SPDAT Series

The Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT) was developed as a pre-screening tool for communities that are very busy and may not have the resources to conduct a full SPDAT assessment for every client. It was made in collaboration with Community Solutions, creators of the Vulnerability Index, as a brief survey that can be conducted to quickly determine whether a client has high, moderate, or low acuity. The use of this survey can help prioritize which clients should be given a full SPDAT assessment first. Because it is a self-reported survey, no special training is required to use the VI-SPDAT.

Current versions available:
• VI-SPDAT V 2.0 for Individuals
• VI-SPDAT V 2.0 for Families
• VI-SPDAT V 1.0 for Youth

All versions are available online at
www.orgcode.com/products/vi-spdat/

SPDAT Series

The Service Prioritization Decision Assistance Tool (SPDAT) was developed as an assessment tool for frontline workers at agencies that work with homeless clients to prioritize which of those clients should receive assistance first. It is an in-depth assessment that relies on the assessor’s ability to interpret responses and corroborate those with evidence. As a result, this tool may only be used by those who have received proper, up-to-date training provided by OrgCode Consulting, Inc. or an OrgCode certified trainer.

Current versions available:
• SPDAT V 4.0 for Individuals
• SPDAT V 2.0 for Families
• SPDAT V 1.0 for Youth

Information about all versions is available online at
www.orgcode.com/products/spdat/
**SPDAT Training Series**

To use the SPDAT, training by OrgCode or an OrgCode certified trainer is required. We provide training on a wide variety of topics over a variety of mediums.

The full-day in-person SPDAT Level 1 training provides you the opportunity to bring together as many people as you want to be trained for one low fee. The webinar training allows for a maximum of 15 different computers to be logged into the training at one time. We also offer online courses for individuals that you can do at your own speed.

The training gives you the manual, case studies, application to current practice, a review of each component of the tool, conversation guidance with prospective clients – and more!

**Current SPDAT training available:**
- Level 0 SPDAT Training: VI-SPDAT for Frontline Workers
- Level 1 SPDAT Training: SPDAT for Frontline Workers
- Level 2 SPDAT Training: SPDAT for Supervisors
- Level 3 SPDAT Training: SPDAT for Trainers

**Other related training available:**
- Excellence in Housing-Based Case Management
- Coordinated Access & Common Assessment
- Motivational Interviewing
- Objective-Based Interactions

More information about SPDAT training, including pricing, is available online at [http://www.orgcode.com/product-category/training/spdat/](http://www.orgcode.com/product-category/training/spdat/)
Terms and Conditions Governing the Use of the SPDAT

SPDAT products have been developed by OrgCode Consulting, Inc. with extensive feedback from key community partners including people with lived experience. The tools are provided free of charge to communities to improve the client centered services dedicated to increasing housing stability and wellness. Training is indeed required for the administration and interpretation of these assessment tools. Use of the SPDAT products without authorized training is strictly prohibited.

By using this tool, you accept and agree to be bound by the terms of this expectation.

No sharing, reproduction, use or duplication of the information herein is permitted without the express written consent of OrgCode Consulting, Inc.

Ownership

The Service Prioritization Decision Assistance Tool (“SPDAT”) and accompanying documentation is owned by OrgCode Consulting, Inc.

Training

Although the SPDAT Series is provided free of charge to communities, training by OrgCode Consulting, Inc. or a third party trainer, authorized by OrgCode, must be successfully completed. After meeting the training requirements required to administer and interpret the SPDAT Series, practitioners are permitted to implement the SPDAT in their work with clients.

Restrictions on Use

You may not use or copy the SPDAT prior to successfully completing training on its use, provided by OrgCode Consulting, Inc. or a third-party trainer authorized by OrgCode. You may not share the SPDAT with other individuals not trained on its use. You may not train others on the use of the SPDAT, unless specifically authorized by OrgCode Consulting, Inc.

Restrictions on Alteration

You may not modify the SPDAT or create any derivative work of the SPDAT or its accompanying documentation, without the express written consent of OrgCode Consulting, Inc. Derivative works include but are not limited to translations.

Disclaimer

The management and staff of OrgCode Consulting, Inc. (OrgCode) do not control the way in which the Service Prioritization Decision Assistance Tool (SPDAT) will be used, applied or integrated into related client processes by communities, agency management or frontline workers. OrgCode assumes no legal responsibility or liability for the misuse of the SPDAT, decisions that are made or services that are received in conjunction with the assessment tool.
### A. Mental Health & Wellness & Cognitive Functioning

**PROMPTS**

- Has anyone in your family ever received any help with their mental wellness?
- Do you feel that every member in your family is getting all the help they need for their mental health or stress?
- Has a doctor ever prescribed anyone in your family pills for nerves, anxiety, depression or anything like that?
- Has anyone in your family ever gone to an emergency room or stayed in a hospital because they weren’t feeling 100% emotionally?
- Does anyone in your family have trouble learning or paying attention, or been tested for learning disabilities?
- Do you know if, when pregnant with you, your mother did anything that we now know can have negative effects on the baby? What about when you were pregnant?
- Has anyone in your family ever hurt their brain or head?
- Do you have any documents or papers about your family’s mental health or brain functioning?
- Are there other professionals we could speak with that have knowledge of your family’s mental health?

**NOTES**

**CLIENT SCORE:**

**SCORING**

4

- Any of the following among any family member:
  - Serious and persistent mental illness (2+ hospitalizations in a mental health facility or psychiatric ward in the past 2 years) and not in a heightened state of recovery currently
  - Major barriers to performing tasks and functions of daily living or communicating intent because of a brain injury, learning disability or developmental disability

3

- Any of the following among any family member:
  - Heightened concerns about state of mental health, but fewer than 2 hospitalizations, and/or without knowledge of presence of a diagnosable mental health condition
  - Diminished ability to perform tasks and functions of daily living or communicating intent because of a brain injury, learning disability or developmental disability

2

While there may be concern for overall mental health or mild impairments to performing tasks and functions of daily living or communicating intent, all of the following are true:

- No major concerns about the family’s safety or ability to be housed without intensive supports to assist with mental health or cognitive functioning
- No major concerns for the health and safety of others because of mental health or cognitive functioning ability
- No compelling reason for any member of the family to be screened by an expert in mental health or cognitive functioning prior to housing to fully understand capacity

1

- All members of the family are in a heightened state of recovery, have a Wellness Recovery Action Plan (WRAP) or similar plan for promoting wellness, understands symptoms and strategies for coping with them, and are engaged with mental health supports as necessary.

0

- No mental health or cognitive functioning issues disclosed, suspected or observed.
## B. Physical Health & Wellness

**PROMPTS**

- How is your family’s health?
- Are you getting any help with your health? How often?
- Do you feel you are getting all the care you need for your family’s health?
- Any illnesses like diabetes, HIV, Hep C or anything like that going on in any member of your family?
- Ever had a doctor tell anyone in your family that they have problems with blood pressure or heart or lungs or anything like that?
- When was the last time anyone in your family saw a doctor? What was that for?
- Do you have a clinic or doctor that you usually go to?
- Anything going on right now with your family’s health that you think would prevent them from living a full, healthy, happy life?
- Are there other professionals we could speak with that have knowledge of your family’s health?
- Do you have any documents or papers about your family’s health or past stays in hospital because of your health?

**CLIENT SCORE:**

**NOTES**

### SCORING

<table>
<thead>
<tr>
<th>Score</th>
<th>Description</th>
<th>Examples</th>
</tr>
</thead>
</table>
| 4     | Any of the following for any member of the family: | - Co-occurring chronic health conditions  
- Attempting a treatment protocol for a chronic health condition, but the treatment is not improving health  
- Palliative health condition |
| 3     | Presence of a health issue among any family member with any of the following: | - Not connected with professional resources to assist with a real or perceived serious health issue, by choice  
- Single chronic or serious health concern but does not connect with professional resources because of insufficient community resources (e.g. lack of availability or affordability)  
- Unable to follow the treatment plan as a direct result of homeless status |
| 2     | | - Presence of a relatively minor physical health issue, which is managed and/or cared for with appropriate professional resources or through informed self-care  
- Presence of a physical health issue, for which appropriate treatment protocols are followed, but there is still a moderate impact on their daily living |
| 1     | Single chronic or serious health condition in a family member, but all of the following are true: | - Able to manage the health issue and live a relatively active and healthy life  
- Connected to appropriate health supports  
- Educated and informed on how to manage the health issue, take medication as necessary related to the condition, and consistently follow these requirements. |
| 0     | No serious or chronic health condition  
If any minor health condition, they are managed appropriately |
## C. Medication

### PROMPTS

| • Has anyone in your family recently been prescribed any medications by a health care professional? | • Does anyone in your family take any medication, prescribed to them by a doctor? |
| • Has anyone in your family ever had a doctor prescribe them a medication that wasn’t filled or they didn’t take? | • Were any of your family’s medications changed in the last month? Whose? How did that make them feel? |
| • Do other people ever steal your family’s medications? | • Does anyone in your family ever sell or share their medications with other people it wasn’t prescribed to? |
| • How does your family store their medication and make sure they take the right medication at the right time each day? | • What do you do if you realize someone has forgotten to take their medications? |
| • Do you have any papers or documents about the medications your family takes? | |

### CLIENT SCORE:

### NOTES

### SCORING

| Any of the following for any family member: |
| ☐ In the past 30 days, started taking a prescription which is having any negative impact on day to day living, socialization or mood |
| ☐ Shares or sells prescription, but keeps less than is sold or shared |
| ☐ Regularly misuses medication (e.g. frequently forgets; often takes the wrong dosage; uses some or all of medication to get high) |
| ☐ Has had a medication prescribed in the last 90 days that remains unfilled, for any reason. |
| 4 |

| Any of the following for any family member: |
| ☐ In the past 30 days, started taking a prescription which is not having any negative impact on day to day living, socialization or mood |
| ☐ Shares or sells prescription, but keeps more than is sold or shared |
| ☐ Requires intensive assistance to manage or take medication (e.g., assistance organizing in a pillbox; working with pharmacist to blister-pack; adapting the living environment to be more conducive to taking medications at the right time for the right purpose, like keeping nighttime medications on the bedside table and morning medications by the coffeemaker) |
| ☐ Medications are stored and distributed by a third-party |
| 3 |

| Any of the following for any family member: |
| ☐ Fails to take medication at the appropriate time or appropriate dosage, 1-2 times per week |
| ☐ Self-manages medications except for requiring reminders or assistance for refills |
| ☐ Successfully self-managing medication for fewer than 30 consecutive days |
| 2 |

| 1 |

| 0 |

| Any of the following is true for every family member: |
| ☐ No medication prescribed to them |
| ☐ Successfully self-managing medication for 181+ consecutive days |
### D. Substance Use

#### PROMPTS
- When was the last time you had a drink or used drugs? What about the other members of your family?
- Anything we should keep in mind related to drugs/alcohol?
- How often would you say you use [substance] in a week?
- Ever have a doctor tell you that your health may be at risk because you drink or use drugs?
- Have you engaged with anyone professionally related to your substance use that we could speak with?
- Ever get into fights, fall down and bang your head, do things you regret later, or pass out when drinking or using other drugs?
- Have you ever used alcohol or other drugs in a way that may be considered less than safe?
- Do you ever drink mouthwash or cooking wine or hand sanitizer or anything like that?

#### NOTES

**Note:** Consumption thresholds: 2 drinks per day or 14 total drinks in any one week period for men; 2 drinks per day or 9 total drinks in any one week period for women.

#### SCORING

- 4
  - An adult is in a life-threatening health situation as a direct result of substance use, or,
  - Any family member is under the legal age but over 15 and would score a 3+, or,
  - Any family member is under 15 and would score a 2+, or who first used drugs prior to age 12, or,
  - In the past 30 days, any of the following are true for any adult in the family...
    - Substance use is almost daily (21+ times) and often to the point of complete inebriation
    - Binge drinking, non-beverage alcohol use, or inhalant use 4+ times
    - Substance use resulting in passing out 2+ times

- 3
  - An adult is experiencing serious health impacts as a direct result of substance use, though not (yet) in a life-threatening position as a result, or,
  - Any family member is under the legal age but over 15 and would score a 2, or,
  - Any family member is under 15 and would score a 1, or who first used drugs at age 13-15, or,
  - In the past 30 days, any of the following are true for any adult in the family...
    - Drug use reached the point of complete inebriation 12+ times
    - Alcohol use usually exceeded the consumption thresholds (at least 5+ times), but usually not to the point of complete inebriation
    - Binge drinking, non-beverage alcohol use, or inhalant use occurred 1-3 times

- 2
  - Any family member is under the legal age but over 15 and would otherwise score 1, or,
  - In the past 30 days, any of the following are true for any adult in the family...
    - Drug use reached the point of complete inebriation fewer than 12 times
    - Alcohol use exceeded the consumption thresholds fewer than 5 times

- 1
  - In the past 365 days, no alcohol use beyond consumption thresholds, or,
  - If making claims to sobriety, no substance use in the past 30 days

- 0
  - In the past 365 days, no substance use
### E. Experience of Abuse & Trauma of Parents

**PROMPTS**

*To avoid re-traumatizing the individual, ask selected approved questions as written. Do not probe for details of the trauma/abuse. This section is entirely self-reported.*

*Because this section is self-reported, if there are more than one parent present, they should each be asked individually.*

- “I don’t need you to go into any details, but has there been any point in your life where you experienced emotional, physical, sexual or psychological abuse?”
- “Are you currently or have you ever received professional assistance to address that abuse?”
- “Does the experience of abuse or trauma impact your day to day living in any way?”
- “Does the experience of abuse or trauma impact your ability to hold down a job, maintain housing or engage in meaningful relationships with friends or family?”
- “Have you ever found yourself feeling or acting in a certain way that you think is caused by a history of abuse or trauma?”
- “Have you ever become homeless as a direct result of experiencing abuse or trauma?”

I. Legal

### PROMPTS

- Does your family have any “legal stuff” going on?
- Has anyone in your family had a lawyer assigned to them by a court?
- Does anyone in your family have any upcoming court dates? Do you think there’s a chance someone in your family will do time?
- Any outstanding fines?
- Has anyone in your family paid any fines in the last 12 months for anything?
- Has anyone in your family done any community service in the last 12 months?
- Is anybody expecting someone in your family to do community service for anything right now?
- Did your family have any legal stuff in the last year that got dismissed?
- Is your family’s housing at risk in any way right now because of legal issues?

### CLIENT SCORE:

### NOTES

### SCORING

**4** Any of the following among any family member:
- □ Current outstanding legal issue(s), likely to result in fines of $500+
- □ Current outstanding legal issue(s), likely to result in incarceration of 3+ months (cumulatively), inclusive of any time held on remand

**3** Any of the following among any family member:
- □ Current outstanding legal issue(s), likely to result in fines less than $500
- □ Current outstanding legal issue(s), likely to result in incarceration of less than 90 days (cumulatively), inclusive of any time held on remand

**2** Any of the following among any family member:
- □ In the past 365 days, relatively minor legal issue has occurred and was resolved through community service or payment of fine(s)
- □ Currently outstanding relatively minor legal issue that is unlikely to result in incarceration (but may result in community service)

**1** □ There are no current legal issues among family members, **and** any legal issues that have historically occurred have been resolved without community service, payment of fine, or incarceration

**0** □ No family member has had any legal issues within the past 365 days, **and** currently no conditions of release
### J. Managing Tenancy

**PROMPTS**

- Is your family currently homeless?
- [If the family is housed] Does your family have an eviction notice?
- [If the family is housed] Do you think that your family’s housing is at risk?
- How is your family’s relationship with your neighbors?
- How does your family normally get along with landlords?
- How has your family been doing with taking care of your place?

**CLIENT SCORE:**

**NOTES**

Note: Housing matters include: conflict with landlord and/or neighbors, damages to the unit, payment of rent on time and in full. Payment of rent through a third party is not considered to be a short-coming or deficiency in the ability to pay rent.

- **4**
  - Any of the following:
    - [ ] No family income (including formal and informal sources)
    - [ ] Substantial real or perceived debts of $1,000+, past due or requiring monthly payments
  - Or, for the person who normally handles the household’s finances, any of the following:
    - [ ] Cannot create or follow a budget, regardless of supports provided
    - [ ] Does not comprehend financial obligations
    - [ ] Not aware of the full amount spent on substances, if the household includes a substance user

- **3**
  - Real or perceived debts of $999 or less, past due or requiring monthly payments, or
  - For the person who normally handles the household’s finances, any of the following:
    - [ ] Requires intensive assistance to create and manage a budget (including any legally mandated guardian/trustee that provides assistance or manages access to money)
    - [ ] Only understands their financial obligations with the assistance of a 3rd party
    - [ ] Not budgeting for substance use, if the household includes a substance user

- **2**
  - In the past 365 days, source of family income has changed 2+ times, or
  - For the person who normally handles the household’s finances, any of the following:
    - [ ] Budgeting to the best of ability (including formal and informal sources), but still short of money every month for essential needs
    - [ ] Voluntarily receives assistance creating and managing a budget or restricts access to their own money (e.g. guardian/trusteeship)
    - [ ] Self-managing financial resources and taking care of associated administrative tasks for less than 90 days

- **1**
  - The person who normally handles the household’s finances has been self-managing financial resources and taking care of associated administrative tasks for at least 90 days, but for less than 180 days

- **0**
  - The person who normally handles the household’s finances has been self-managing financial resources and taking care of associated administrative tasks for at least 180 days

### M. Self Care & Daily Living Skills of Family Head

**PROMPTS**

- Do you have any worries about taking care of yourself or your family?
- Do you have any concerns about cooking, cleaning, laundry or anything like that?
- Does anyone in your family ever need reminders to do things like shower or clean up?
- Describe your family’s last apartment.
- Do you know how to shop for nutritious food on a budget?
- Do you know how to make low cost meals that can result in leftovers to freeze or save for another day?
- Do you tend to keep all of your family’s clothes clean?
- Have you ever had a problem with mice or other bugs like cockroaches as a result of a dirty apartment?
- When you have had a place where you have made a meal, do you tend to clean up dishes and the like before they get crusty?

**SCORING**

<table>
<thead>
<tr>

<th>Description</th>
</tr>
</thead>
</table>
| 4     | Any of the following for head(s) of household:  
- No insight into how to care for themselves, their apartment or their surroundings  
- Currently homeless and relies upon others to meet basic needs (e.g. access to shelter, showers, toilet, laundry, food, and/or clothing) on an almost daily basis  
- Engaged in hoarding or collecting behavior and is not aware that it is an issue in her/his life |
| 3     | Any of the following for head(s) of household:  
- Has insight into some areas of how to care for themselves, their apartment or their surroundings, but misses other areas because of lack of insight  
- In the past 180 days, relied upon others to meet basic needs (e.g. access to shelter, showers, toilet, laundry, food, and/or clothing), 14+ days in any 30-day period  
- Engaged in hoarding or collecting behavior and is aware that it is an issue in her/his life |
| 2     | Any of the following for head(s) of household:  
- Fully aware and has insight in all that is required to take care of themselves, their apartment and their surroundings, but has not yet mastered the skills or time management to fully execute this on a regular basis  
- In the past 180 days, relied upon others to meet basic needs (e.g. access to shelter, showers, toilet, laundry, food, and/or clothing), fewer than 14 days in every 30-day period |
| 1     | In the past 365 days, family accessed community resources 4 or fewer times, and head of household is fully taking care of all the family’s daily needs |
| 0     | For the past 365+ days, fully taking care of all the family’s daily needs independently |
N. Meaningful Daily Activity

### PROMPTS

- How does your family spend their days?
- How does your family spend their free time?
- Do these things make your family feel happy/fulfilled?
- How many days a week would you say members of your family have things to do that make them feel happy/fulfilled?
- How much time in a week would you say members of your family have things to do that make them feel happy/fulfilled?
- How much time in a week would you or members of your family say they are totally bored?
- When people in your family wake up in the morning, do they tend to have an idea of what they plan to do that day?
- How much time in a week would you say members of your family spend doing stuff to fill up the time rather than doing things that they love?
- Are there any things that get in the way of your family doing the sorts of activities they would like to be doing?

### SCORING

- **4**
  - Any member of the family has no planned, legal activities described as providing fulfillment or happiness

- **3**
  - Any member of the family is discussing, exploring, signing up for and/or preparing for new activities or to re-engage with planned, legal activities that used to provide fulfillment or happiness

- **2**
  - Some members of the family are attempting new or re-engaging with planned, legal activities that used to provide fulfillment or happiness, but uncertain that activities selected are currently providing fulfillment or happiness, or they are not fully committed to continuing the activities.

- **1**
  - Each family member has planned, legal activities described as providing fulfillment or happiness 1-3 days per week

- **0**
  - Each family member has planned, legal activities described as providing fulfillment or happiness 4+ days per week

Appendix A: About the SPDAT

OrgCode Consulting, Inc. is pleased to announce the release of Version 4 of the Service Prioritization Decision Assistance Tool (SPDAT). Since its release in 2010, the SPDAT has been used with over 10,000 unique individuals in over 100 communities across North America and in select locations around the world.

Originally designed as a tool to help prioritize housing services for homeless individuals based upon their acuity, the SPDAT has been successfully adapted to other fields of practice, including: discharge planning from hospitals, work with youth, survivors of domestic violence, health research, planning supports for consumer survivors of psychiatric care systems, and in work supporting people with fetal alcohol spectrum disorders. We are encouraged that so many service providers and communities are expanding the use of this tool, and OrgCode will continue to support the innovative use of the SPDAT to meet local needs.

**SPDAT Design**

The SPDAT is designed to:

- Help prioritize which clients should receive what type of housing assistance intervention, and assist in determining the intensity of case management services
- Prioritize the sequence of clients receiving those services
- Help prioritize the time and resources of Frontline Workers
- Allow Team Leaders and program supervisors to better match client needs to the strengths of specific Frontline Workers on their team
- Assist Team Leaders and program supervisors to support Frontline Workers and establish service priorities across their team
- Provide assistance with case planning and encourage reflection on the prioritization of different elements within a case plan
- Track the depth of need and service responses to clients over time

The SPDAT is NOT designed to:

- Provide a diagnosis
- Assess current risk or be a predictive index for future risk
- Take the place of other valid and reliable instruments used in clinical research and care

The SPDAT is only used with those clients who meet program eligibility criteria. For example, if there is an eligibility criterion that requires prospective clients to be homeless at time of intake to be eligible for Housing First, then the pre-condition must be met before pursuing the application of the SPDAT. For that reason, we have also created the VI-SPDAT as an initial screening tool.

The SPDAT is not intended to replace clinical expertise or clinical assessment tools. The tool complements existing clinical approaches by incorporating a wide array of components that provide both a global and detailed picture of a client’s acuity. Certain components of the SPDAT relate to clinical concerns, and it is expected that intake professionals and clinicians will work together to ensure the accurate assessment of these issues. In fact, many organizations and communities have found the SPDAT to be a useful method for bridging the gap between housing, social services and clinical services.
Family SPDAT

Upon the release of SPDAT Version 3, a special version was released - the Family SPDAT Version 1. This tool introduced five new components that specifically address the unique challenges to housing stability faced by homeless families. In addition, the tool has a focus on households throughout.

SPDAT Version 4/Family SPDAT Version 2

The SPDAT has been influenced by the experience of practitioners in its use, persons with lived experience that have had the SPDAT implemented with them, as well as a number of other excellent tools such as (but not limited to) the Outcome Star, Health of the Nation Outcome Scale, Denver Acuity Scale, Camberwell Assessment of Needs, Vulnerability Index, and Transition Aged Youth Triage Tool.

In preparing SPDAT v4 and F-SPDAT v2, we have adopted a comprehensive and collaborative approach to changing and improving the SPDAT. Communities that have used the tool for three months or more have provided us with their feedback. OrgCode staff have observed the tool in operation to better understand its implementation in the field. An independent committee composed of service practitioners and academics review enhancements to the SPDAT. Furthermore, we continue to test the validity of SPDAT results through the use of control groups. Overall, we consistently see that groups assessed with the SPDAT have better long-term housing and life stability outcomes than those assessed with other tools, or no tools at all.

OrgCode intends to continue working with communities and persons with lived experience to make future versions of the SPDAT even better. We hope all those communities and agencies that choose to use this tool will remain committed to collaborating with us to make those improvements over time.

The new versions build upon the success of previous versions of the SPDAT products with some refinements. Starting in August 2014, a survey was launched of existing SPDAT and F-SPDAT users to get their input on what should be amended, improved, or maintained in the tool. Analysis was completed across all of these responses. Further research was conducted. Questions were tested and refined over several months, again including the direct voice of persons with lived experience and frontline practitioners. Input was also gathered from senior government officials that create policy and programs to help ensure alignment with guidelines and funding requirements.

The major differences from F-SPDAT Version 1 to Version 2 include:

• The structure of the tools is the same: four domains (five for families) with components aligned to specific domains. The names of the domains and the components remain unchanged.
• The scoring of the tools is the same: 60 points for singles, and 80 points for families.
• The scoring tables used to run from 0 through to 4. They are now reversed with each table starting at 4 and working their way down to 0. This increases the speed of assessment.
• The order of the tools has changed, grouped together by domain.
• Language has been simplified.
• Days are used rather than months to provide greater clarification and alignment to how most databases capture periods of time in service.
• Greater specificity has been provided in some components such as amount of debts.
